### THE STRUGGLE

Oh no! We have to remove a sticker from this painted tractor...

### THE FIX

**Biggie** to the rescue! We sprayed some Biggie onto the sticker and used our Super Scraper to lift it off. That's what I call team work! The paint was unharmed and no sticky residue left on surface.

## BIGGIE

### THE STRUGGLE

Oh no! Someone left grease on this plastic surface for 20 years! How will we get it off...

### THE FIX

**Biggie** to the rescue! We sprayed some Biggie onto the grease and wiped it off with the Wicked Wipes. It was that easy!

## BIGGIE

### THE STRUGGLE

Oh no! Our friends in the Biomed department have to remove permanent barcode labels that aren't supposed to ever come off...

### THE FIX

**Biggie** to the rescue! We sprayed Biggie directly on the adhesive and let it sit for 30 seconds. Then we used our Super Scraper to lift the label off without scratching paint.

## BIGGIE

### THE STRUGGLE

Oh no! Someone left a trail of ink from an industrial printer on the hand rail...

### THE FIX

**Biggie** to the rescue! We sprayed Biggie on the ink and it just melted it away and did not damage the paint.

## BIGGIE

### THE STRUGGLE

Oh no! #2 Heating Oil  
dripped down the walls...

### THE FIX

**Biggie** to the rescue!! We simply sprayed Biggie on the #2 Heating Oil, and wiped it off with our Wicked Wipes. You can see that it did not affect the paint.
