

## TECHNICAL DATA SHEET

**NAME:** MINI UV FLASHLIGHT

**PART NUMBER(S):** A034

### PRODUCT DESCRIPTION:

The **Mini UV Flashlight** is a compact, 600-lumen flashlight that can illuminate up to 196 feet for 2 hours, making it ideal for work, power outages, and emergencies. It features four modes, including a powerful 365 nm UV light for detecting stains and pet urine. With a magnetic base and rotating clip, it offers hands-free use and convenient attachment to various surfaces. Lightweight at 2.47 ounces and made from rugged aviation aluminum, this portable flashlight is water-resistant and durable. It charges via USB Type-C in 2 hours, providing up to 4 hours of use, and comes with two flashlights and charging cables, making it a practical gift option.

### Features and Benefits:

- 4 lighting modes: 1 main light mode, 2 side light modes: high / low, and UV black light.
- Rechargeable led pen light: The pen light is charged by the included USB Type-C cable. There is an indicator light when charging, red means charging and green means charging is complete.
- Mini body and hand size, convenient to carry.
- High lumen, with LED lights, side lights, and purple work lights.
- Three-in-one flashlight with pen clip.
