

## TECHNICAL DATA SHEET

**NAME:** PREMIUMG GLASS GLOVES

**PART NUMBER(S):** GG882-L, GG882-XL

### PRODUCT DESCRIPTION:

These seamless gloves feature a 13-gauge, cut-resistant fiber shell and vulcanized silicone palm coating for a superior, tack-free grip and exceptional dry grip and abrasion resistance. High-visibility orange. Glues, caulking, tape, and other adhesives do not stick to the coating. Knitted wrist cuff provides a secure, comfortable fit, prevents gloves from slipping off. ANSI Cut Level A4.

### Features and Benefits:

- 13-gauge shell is comfortable and dexterous
- Clear vulcanized silicone coated palm is tack-free, while providing excellent dry grip and abrasion resistance
- Adhesives such as glues, caulking, and tape do not stick to the coating
- Intermittent contact with hot, adhesive glues do not affect the coating
- Overcast color on hem for easy size identification
- Knit wrist cuff offers users a secure, comfortable fit and prevents gloves from slipping off during use
- ANSI Cut Level A4
- Temperature rating: 482° F.

### Use on:

- Construction
- Material Handling
- Solar Panel Manufacturing
- Window Manufacturing
- Windshield Replacement
- Glass Manufacturing
